Dear KTEC Parents and Guardians,

As you were notified in the letter with report cards, there have been changes in state regulations of childcare and Konnections is no longer a viable option for before- and after-school programming. KTEC will be utilizing an outside vendor to provide before- and after-school childcare. In May, we went through the request for proposal process with the KUSD finance department. After analyzing our options, and in searching for an after-school program that aligned with our STEM focus, we landed on Champions. However, their initial proposal was denied by the KUSD finance department based on incompatible funding structures. KTEC administration continued to work with other vendors to provide quality after-school programming for our students. It is at this time that I am pleased to announce that the YMCA will be providing our before-and after-school programming at both campuses beginning September 5, 2017. They offer a great program and have proven to be the best option for KTEC families.
