**Music Research Project When Absent From a Choir Concert (excused absences ONLY) Unexcused absences cannot be made up**

**Assignment:** This assignment is given to those students who have an excused absence from a choir concert. Your assignment is to research ONE of the concert songs/medleys that we have been practicing in class for the music concert.

**Grading:** Music research report will be worth the same as a concert grade (100 points)

**The Research Project**

**Part 1 – Report**

1. You must look up ONE of the concert songs/medleys that we have been singing and practicing in class.
2. Your report must be typed.
3. Your report must include:
  - Title, composer and/ or arranger of your chosen concert song/medley (if unsure of title/composers, please contact/ e-mail me) (10 points)
  - Name the style/genre of the song (15 points)
  - Name 3 facts about the composer of the song. (15 points)
  - Find a YouTube video of a choir/s performing the song and include the YouTube link/url. (20 points)
  - Write 1 paragraph for the YouTube song of what you heard. For example: What age group were the performers, how did they sound, was one group stronger than the other, did they use dynamics, were they blended, etc. Rate the choir group (1-5) 1 being that they did not sound good at all and 5 being that they sounded very good. Please explain your rating for each one. (20 points)
  - Name 3 musical words/ terms/ music symbols that we have worked on while learning these songs. Please explain the definition of each one. (10 points)
  - Bibliography (10 points)

**TOTAL = 100 points**
