

November 13, 2017

Dear Parent or Guardian:

The Renaissance Accelerated Reader® program that your student uses at school is going through a transition. Previously, your student's school sent home notification for how you could access Renaissance Home Connect®. Home Connect provides you an opportunity to monitor information about your student's progress with Accelerated Reader. The updates we are releasing will be changing your experience.

After your student's school receives the update, they will be sending home another notification with a new website address, along with a reminder about your username and password. At that time, you will need to begin using this new website to access your student's progress. The previous website will no longer provide up to date information about your student's reading success.

If you have signed up to receive email notifications after your student has taken a quiz, there will be a brief period during which these emails will not be sent. This functionality will be returning soon. If you'd like notification when this feature is available, please sign up here <https://www.surveymonkey.com/r/G5QC6HH>.

If you have any questions, please direct them to your student's teacher or school.

Thank you for your patience and support.

Kristine Deitz

Sr. Product Manager, Reading
Renaissance Learning
